# Healthy North Coast **network**

Healthy North Coast's new online network allows you to communicate, network and collaborate in a private and professional environment, with colleagues from across the North Coast without leaving your office.

The Healthy North Coast Network is based on the functionality of other familiar social networking platforms like Facebook, LinkedIn and Twitter.

With over 130 regional and profession-based networks available, the Healthy North Coast Network is ready for you to join right now.

Join the Healthy North Coast Network at
